A Powerful Joint Venture Shaping the Future of Education

Maple Bear South Asia is a collaboration between Maple Bear Global Schools Ltd., Canada, and Modi Edutech (Modi Group). The partnership brings unparalleled expertise, infrastructure, and educational methodologies to urban parents and corporations, offering pre-school, elementary, daycare, and K-12 facilities.

The partnership between **Maple Bear Global Schools, Canada** and the **Modi Group of Industries** marks a transformative milestone in the evolution of education across South Asia.

Together, Maple Bear Global Schools, Canada and the Modi Group are building more than institutions—they're building a generation of globally aware, empathetic, and high-achieving learners ready to lead the world.

The People Behind the Name

Late Mr. Gujar Mal Modi
Founder, Modi Group

Shri Gujar Mal Modi was a renowned industrialist and philanthropist, who co-established the Modi Group of companies and the industrial city of Modinagar in 1933, along with his brother Kedar Nath Modi. Gujar Mal Modi established schools and colleges at his birthplace, Mahendragarh, in Patiala and in Modinagar. He also contributed a lot in the field of higher education by giving grants to established institutions such as Banaras Hindu University, and different colleges in Meerut and other places. The Union Government, in recognition of his contributions towards India's industrial growth and public welfare, decided to confer the **Padma Bhushan** on him.

Mr. V.K. Modi
Chairman, Modi Group

Rooted in a legacy of 93 years, the Modi Group has long been a symbol of industrial excellence and visionary leadership. Founded in 1933 by Late Shri Rai Bahadur Gujar Mal Modi, the group rose to become one of India's largest conglomerates. Carrying forward this entrepreneurial legacy, Mr. V.K. Modi led the Group's foray into the education sector—establishing a robust network of schools from kindergarten to Grade 12 across Uttar Pradesh, Gujarat, and Haryana.

Mr. Alok Modi
Director, Maple Bear South Asia

The next leap came with Mr. Alok Modi, who envisioned bringing global learning standards to Indian soil. His strategic move to introduce Canadian education through Maple Bear in South Asia resulted in a dynamic network of schools spanning India, Nepal, Bangladesh, Sri Lanka, and the Maldives. This joint venture now operates over 130 schools across the region—including preschools, elementary, and full-fledged K-12 institutions—each delivering experiential, and future-ready learning.

Ms. Piya Modi
Chairperson, Maple Bear South Asia

Today, under the visionary leadership of Ms. Piya Modi, Chairperson of Maple Bear South Asia, the focus has expanded to establishing premium K-12 schools that blend CBSE and IB curricula with Canadian pedagogical excellence.

The best of
Canadian education
for a global future.

OUR CORE SOUTH ASIA TEAM

The best of
Canadian education
for a global future.

Piya Modi

Chairperson, Maple Bear SouthAsia

A graduate in Communication and Graphic Design from IILM University, who has recently completed her MBA from Regents University, London, UK.

A young dynamic leader serving as a Director at Maple Bear South Asia, Modi Edutech, Asahi Modi Material Pvt. Ltd and Modi Rubber Limited. She has also served as the Principal of Maple Bear Canadian Preschool, Rajouri Garden, New Delhi.

An animal lover, Piya is an active member of a number of animal welfare societies and is currently in the process of setting up her own NGO to support the cause.

Inderpal Singh

CEO, Maple Bear South Asia

Inderpal comes with over 27 years of progressive experience within the education and training industry with exposure in varied domains including software and hardware training, K-12, test preparation, skill enhancement, and ed-tech domains.

Graduated as an Engineer in Computer Science and a post-graduate in Management, he has been instrumental and played a key role in transforming businesses with education giants including, STG International, Air Hostess Academy, Educomp Solutions and ICA Edu Skills to name a few.

Known as an authority on franchise operations, he has signed and operated over 600 franchisees during his career.

Shalini Jaiswal

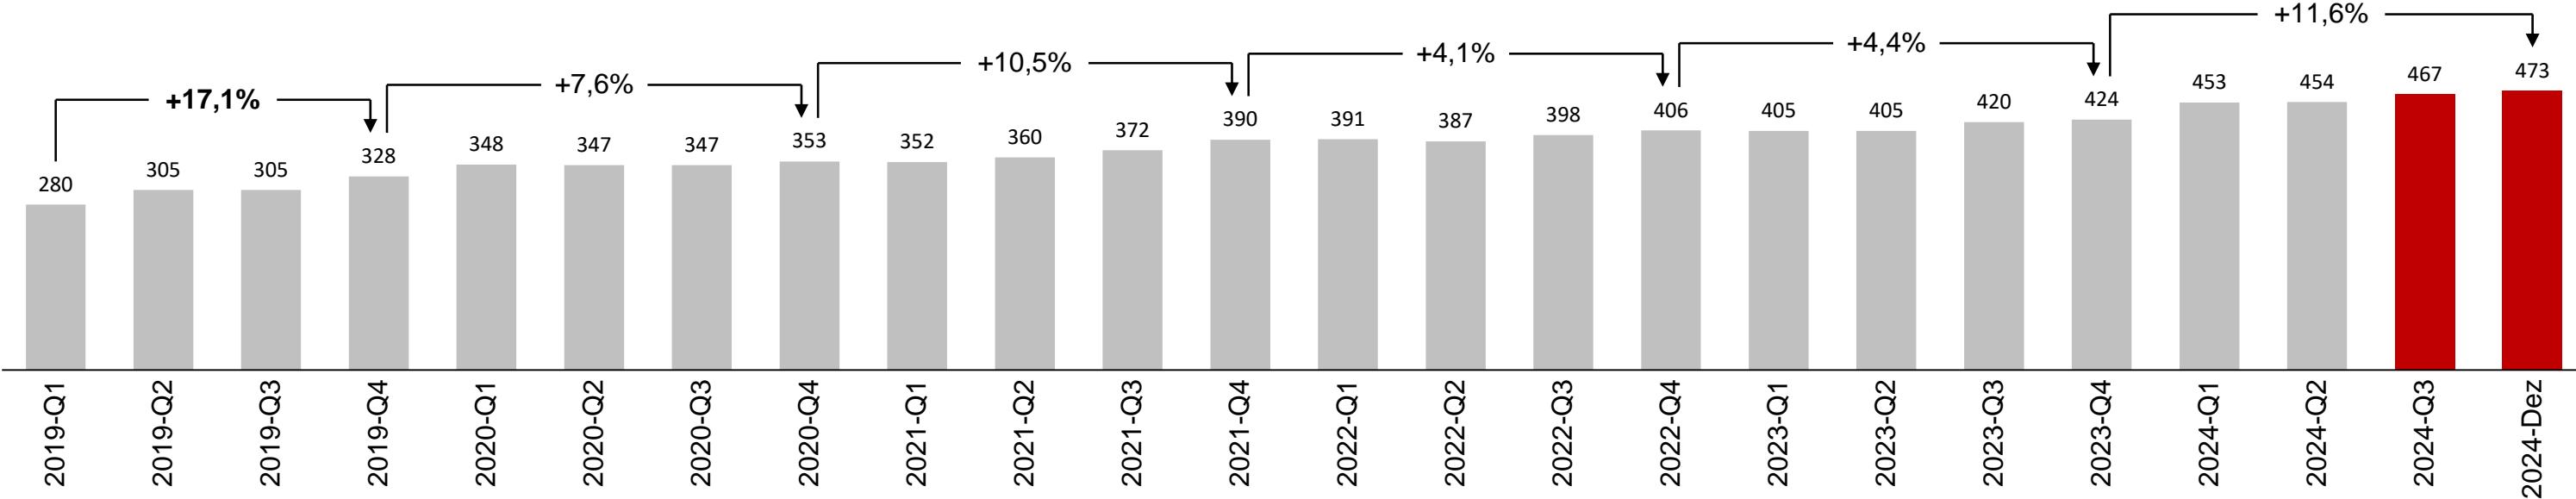

Director & COO, Maple Bear South Asia

With over 30 years of experience in academics and training, Shalini began her career as a teacher at Delhi Public School. From a teacher, she went on to hold various positions in the school. From being the primary teacher section in charge in Chinmaya Vidyalaya, she moved on to be in the core team for developing and implementing experiential learning modules at Cambridge school.

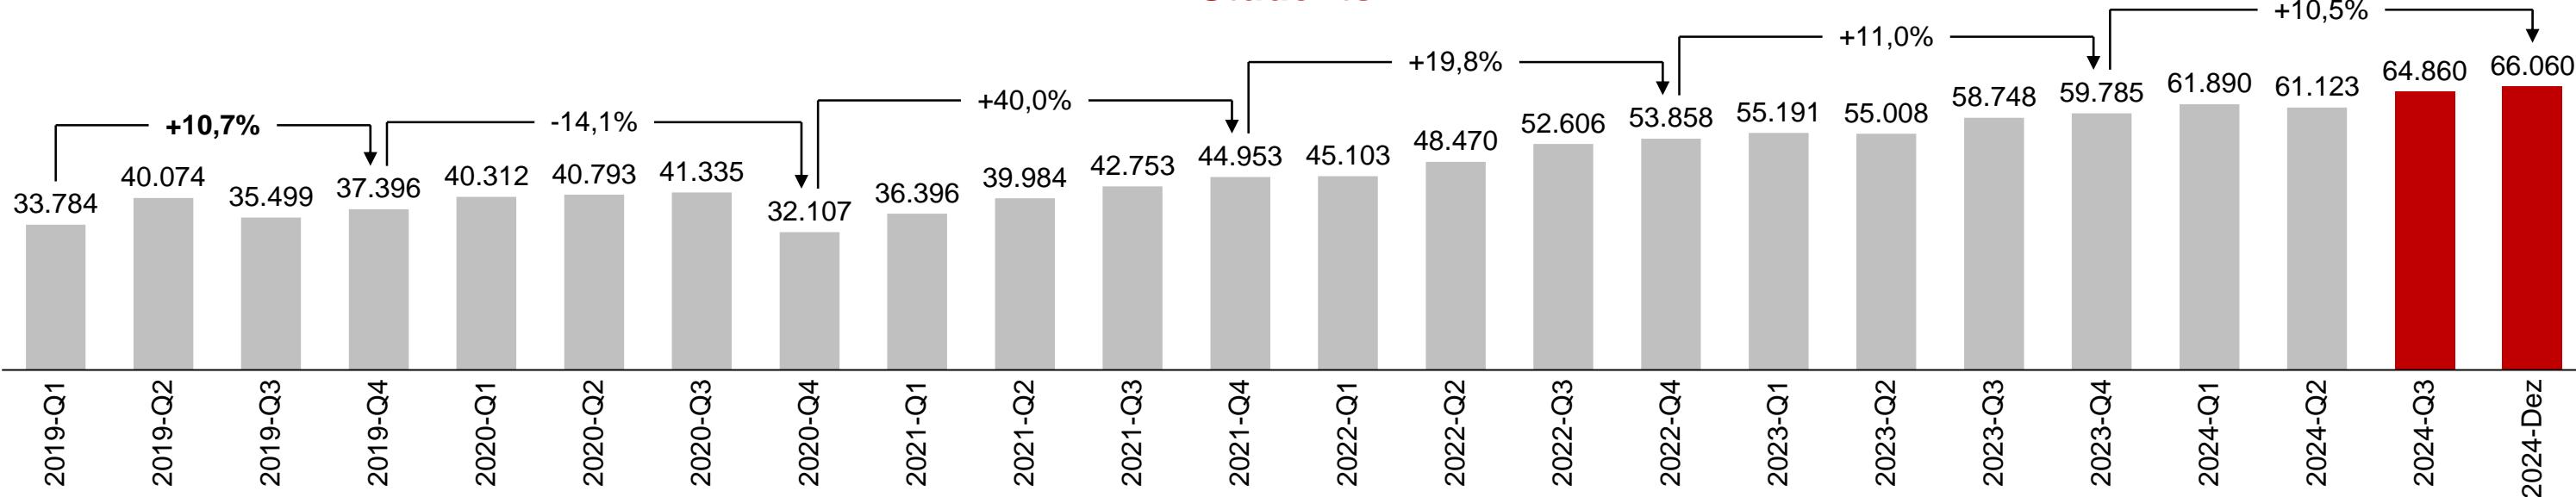

Besides, Shalini has worked as a consultant with Xseed where she developed the curriculum modules for various grades and conducted teacher training workshops. From being a consultant, she moved on to join Maple Bear South Asia full-time as an Academic Coordinator and then as Director of Academics in 2010.

OUR PRESCHOOL PROGRAMS

The best of
Canadian education
for a global future.

Programs Offered

6 Months – 10 Years

Our goal is to deliver a student-focused learning system in a safe, secure and stimulating environment that prepares students for success at a post secondary level and that instills a passion for lifelong learning. The Maple Bear Program is designed to educate the whole child - physically, intellectually, emotionally, and socially. Our regular programs include:

Early Toddlers (12 Months onwards)

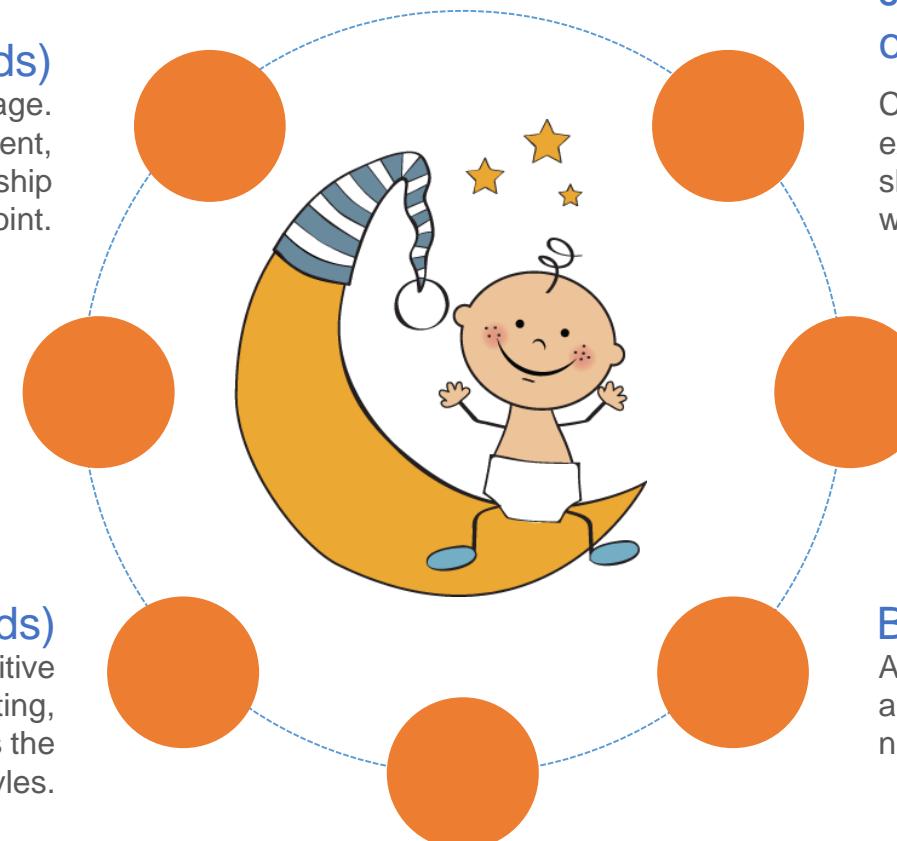

This program is specifically for 12-18 months of age. It is organized to ensure that environment, experiences, activities & routines have relationship building as the starting point.

Toddlers (18 Months onwards)

The program offers an environment for the child to safely practice new skills they learn and set the stage for the next level of development.

Nursery (2 1/2 Years onwards)

This program reinforces and builds on positive attitude by offering varied stimulating, enjoyable experiences and enhances the individual learning styles.

Junior Kindergarten (3 1/2 Years onwards)

Children need to learn to make connections with past experiences and current learning. Integrating topics with skill development will help the children make sense of the world and their learning.

Senior Kindergarten (4 1/2 Years onwards)

The knowledge and skills that children acquire by the end of Kindergarten, along with positive attitudes to learning that children develop in these early years, form the basis of effective learning in the later years.

Bear Care (6 Months to 10 Years)

Age-appropriate activities to promote cognitive and social development in a warm and nurturing environment.

Unique Programs

18 Months – 10 Years

Our Unique programs are designed to cater to children up-to 10 years. This not only helps you in cater to a wider target audience but also increases the capacity of student strength by up-to **80%** over and above the Regular programs **within the same infrastructure** .

Early Moms & Tots

This program is to provide parents & their toddlers an opportunity twice a week to come together for friendship, learning and fun. The group is for 12-18 month olds.

Moms & Tots

It is for mothers who prefer full participation in early years. The group is for 18-24 month olds, thrice a week.

English Plus Programs

This program is to enhance students English literacy skills in listening, speaking, reading, writing, viewing and representing. The group is for 5-8 year olds, thrice a week for 90 minutes.

Saturday Programs

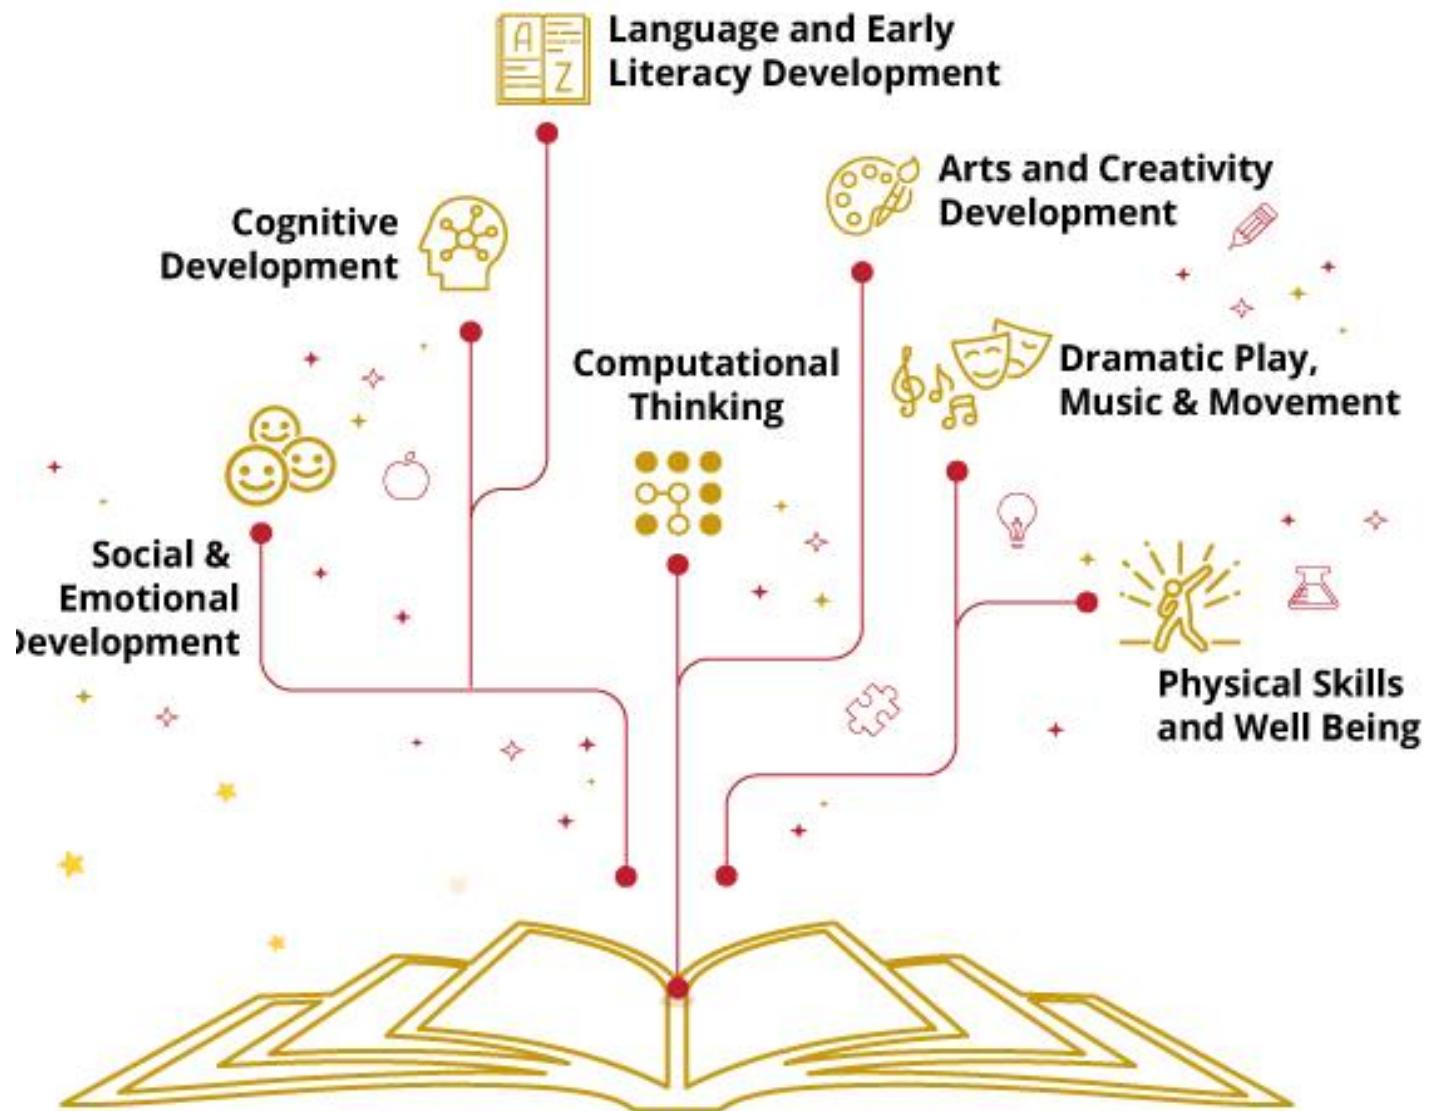

This program helps children consolidate their learning in school. They are encouraged to learn through questioning, observing, investigating and doing. The group is for 3-5 year olds, once a week for 3 hours.

Summer Camps

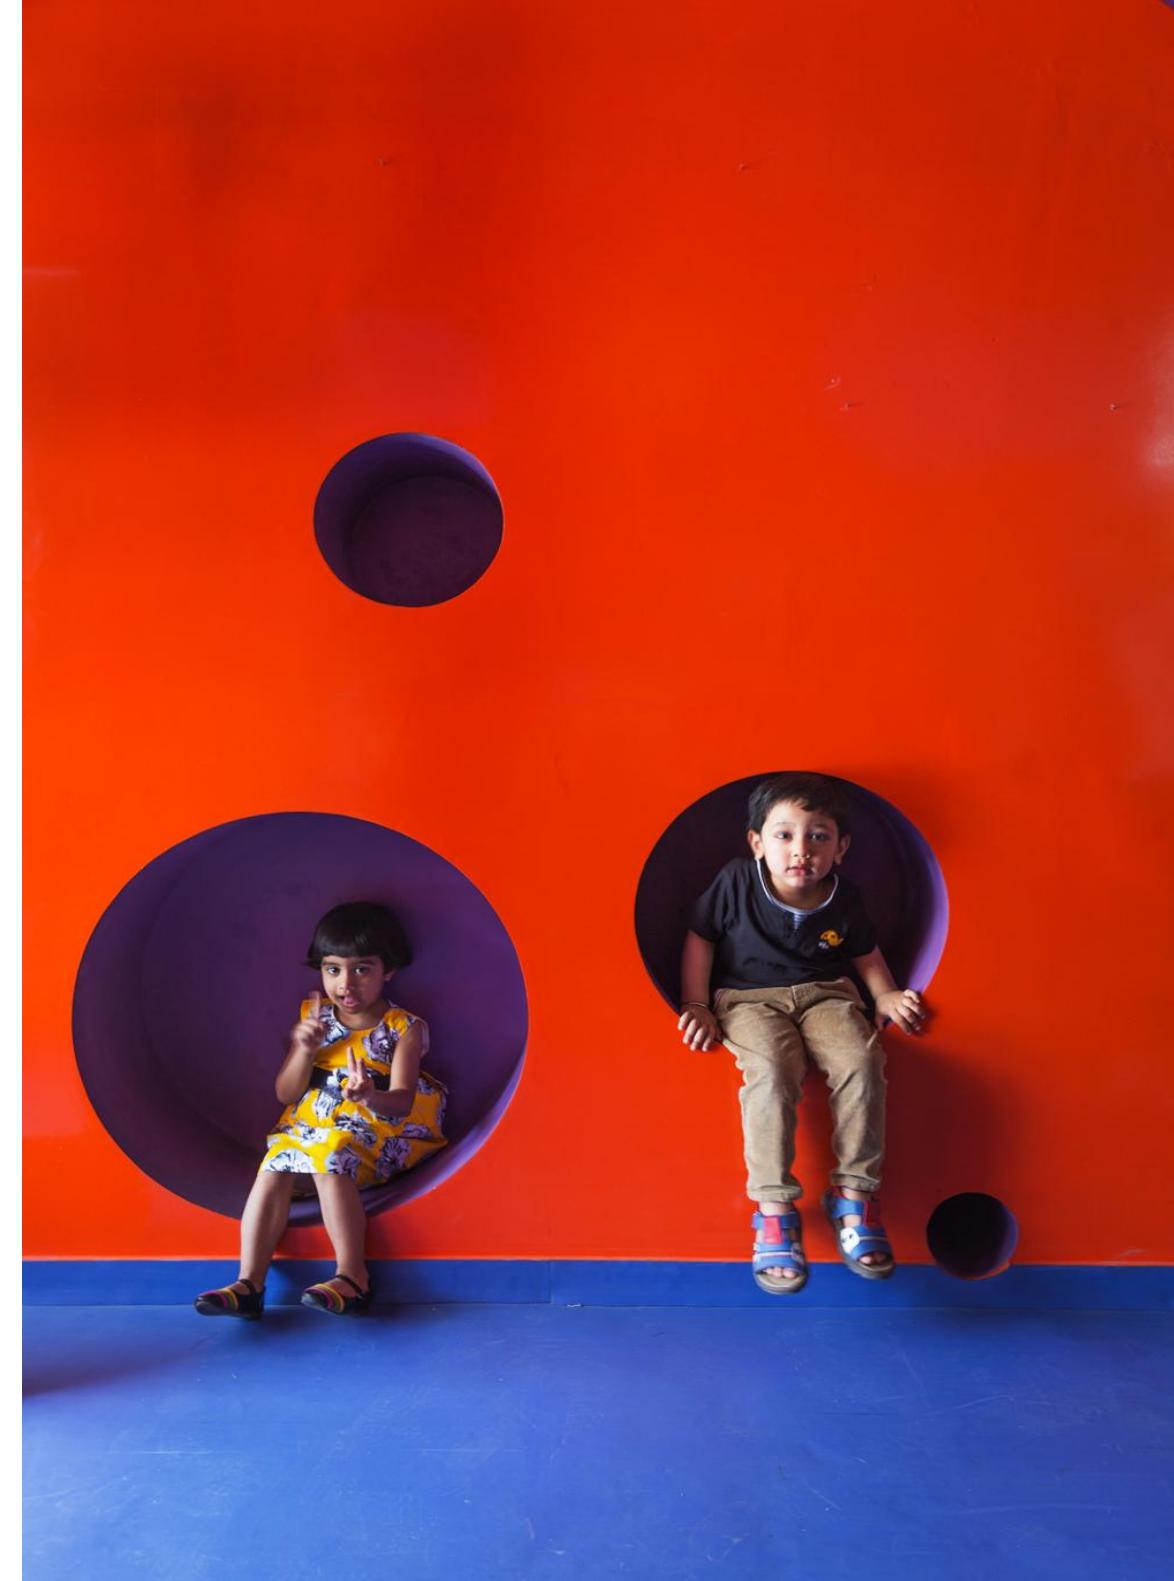

Our summer camps are thematic ranging from themes like Dinosaurs, Drama Camp, Forensic Science, Jungle Book, Inventions, etc. This group is for 18 months - 10 years.

Core Curriculum- Preschool

- Maple Bear sets high standards to ensure children's readiness for elementary school.
- Maple Bear gives children the broad range of knowledge and skills that provides the right foundation for good progress through school and life.

- Our curriculum is written by our team of Canadian educational experts and continually updated with the latest in Canadian educational practices.
- At the preschool level, Maple Bear delivers a student-focused English immersion learning system based on Canadian educational pedagogy and best practices.

Maple Bear Classroom

The Maple Bear classroom is designed to create a dynamic learning environment which facilitates interaction between students and teachers.

It is equipped with multiple learning tools and innovative devices to help the student learn, collaborate and discover new things through active engagement.

Maple Bear

Ways to WIN

We are Uniquely Canadian

Maple Bear brings world-class Canadian education to students globally, following a proven curriculum that consistently ranks among the best in the world. Maple Bear is giving students a **competitive edge** in an increasingly globalized world.

International Recognized, Tailored Locally

Maple Bear is one of the **fastest growing international educational brands in the world**. Unlike international schools, Maple Bear conforms to **local education regulations** so children can move between systems and are **prepared for post-secondary in their own country as well as abroad**.

Leaders of Tomorrow

Maple Bear is committed to developing the **next generation** of leaders by engaging their critical thinking, problem solving, and collaboration skills through our unique, globally-renowned and student-centred teaching model.

Our Competitive Advantage

Global Recognition

Maple Bear enjoys strong global brand recognition, attracting families seeking a world-class education for their children.

Proven Methodology

Maple Bear leverages its proven Canadian methodology, ensuring a high-quality and effective learning experience.

Proprietary Systems

Our proprietary curriculum and systems ensure consistent quality, efficiency, and effectiveness across all schools.

Comprehensive Support

We provide a comprehensive support infrastructure for our franchisees, including training, resources, and ongoing guidance.

The curriculum and Methodology is the Strength of Maple Bear. When we visited a center of maple bear a toddler child could count and could know the value of the same. That's when we decided to take up Maple Bear as a Franchise.

~ Maple Bear Canadian Pre-school, Uttarahalli, Bengaluru,
Ms. Mamatha BM (Owner)

The lack of quality education in the early years of a child prompted me to open a Maple bear school in my city. The preschools do not have a teaching methodology or curriculum for the young ones. Preschools are thought to be a place where a child is just left to play for sometime. The importance of early childhood education is not taken seriously. In my opinion the change parents observe in their kids after Maple Bear will benefit my city.

~ Maple Bear Canadian Pre-school, New Friends Colony, New Delhi, Ms. Surabhi Gupta (Owner)

Our joining hands with Maple Bear India to redefine the early childhood care and education in Sadhu Singh Shergill Academy Mukandpur Punjab has really transformed the learning as well as teaching process. The entire team of Maple Bear India is amazingly involved and we have achieved the desired objectives regarding total implementation of MB program. Almost all the parents of 300+ students in preschool are not only happy but asking us to further strengthen this system to junior school level. So I can convincingly recommend Maple Bear preschools to all concerned

~Maple Bear Sadhu Singh Shergill Academy, Mukundpur, Punjab, Dr. Amarjit Singh (Vice Chairman)

Extremely relevant to the modern education, Maple Bear methodology has helped us shape the learning outcomes of our children through a non-strenuous and joyful way. Students have grown confident in their actions and speech; enjoy the experiential learning and supremely love the school. I can proudly say that we are slowly but surely seeing in them self-motivated learners preparing for their and concomitantly our bright future. We are indeed proud to be a part of the Maple Bear family and can foresee its growth in leaps and bounds not only in India but around the globe.

~ Maple Bear Chandrabala Modi Academy, Ankleshwar, Gujarat,

Elementary program of Maple Bear has been designed in a way which teaches the advanced curriculum with focus on conceptual understanding. Children learn different concepts with different strategies which makes their foundation strong and helps them in the long run.

~ Maple Bear Canadian school, Indirapuram, Ghaziabad, Ms. Jaya Prasad (Owner)

When we decided to open a pre-school in 2013, we tried to understand what different pre-school brands offer and finally decided to partner with Maple Bear because they bring the well-acclaimed Canadian curriculum to India. We are glad to have taken the right decision. What impresses us the most is that all Maple Bear schools across the globe, whether it is in USA, India or Dubai teach the same curriculum, which makes it a truly international school. Maple Bear also has several training programs to help teachers excel in their classrooms. Moreover, everyone at Maple Bear India is a phone call away to support us on logistics or anything that we need.

~Maple Bear Canadian Pre-school, Gottigere, Bangalore, Sangeetha and Abhilash
